

DOOR KNOCKING 101

Call Oregon Right to Life at 503-463-8563 with questions.

Hi my name is _____. I am out knocking on doors talking to people about Oregon's abortion laws and I was hoping you would share with me whether you are Pro-Life or Pro-Choice?

PRO-LIFE

Great! We need to elect leaders who will champion common sense limits on abortions. I hope that you will consider only supporting elected leaders who share your opinion on this very important issue. (End survey)

PRO-CHOICE

Under Oregon law babies are allowed to be aborted up until birth. At 15 weeks, an unborn baby can feel pain. At 20 weeks, she can hear music and survive outside the womb. Most Oregonians believe that these babies deserve to be protected. Would you support limiting abortions after 20 weeks?

IF YES

Great! We need to support elected leaders who will champion common sense limits on abortions. I hope you will remember this when it comes time to vote in the next election. (End survey)

IF NO
